Dear Avi,
Here are some topics I think we should discuss during your grand evening next Monday:

•Is (old) peace dead?after the failures of 2000,2008 and 2014-should we not give up on the hope to reach a Final-status-agreement in this decade?
•Why did we fail?Is the blame on Israel or on Palestine or on a flawed peace concept?
•A New Peace paradigm?
•How dangerous is the present no-process situation?Is the third intifada nigh?
•What should be done?Marshall plan for Gaza?Settlement freeze in The West Bank?
•Iran-can it's nuclear project be stopped or is it too late?
•What would be the implications of accepting the deal now on the table?
•Is there an emerging Arab-Israeli alliance-of-the-moderates via a vie Iran and other radical forces?
•Facing the regional turmoil and ghastly phenomenons such as Isis,is there a need for a new Grand strategy for the Middle East?
•Israel had it's own economical miracle
in the last 12 years.Can it last without Peace?
•As Israelis vote tomorrow-what should they be aware of and what should determine their choice.
•We are all here because of our love to our dear friend Avi.Anything we can do or say at the end of this great evening to make him a bit more hopeful?

Please let TB and EB know that I am at their service regarding all of the above.If
they wish to talk by phone ahead of the event-with pleasure.

Warmest,
Ari
